Task:

- Create a basic layout for a webpage using <div> elements.

- Use the document below as a guideline.

- Select custom colors using this color picker.

```
layout_using_div.html - Notepad
File  Edit  Format  View  Help
<!DOCTYPe html>
<html>
<head>
        <title>HTML Layout using Div</title>
</head>
<body>
<div style="width:100%; border:0px;">
  <div style="background-color:#0099CC; width:100%;">
                <center>
                        <h2>Main Title of the website</h2>
                </center>
  </div>
  <div style="background-color:#CCCCCC; width:25%; height:330px; float:left;">
                <b>Main Menu</b> <br />
                INDIA    <br />
                LONDON   <br />
                PARIS    <br />
  </div>
  <div style="back-ground-color:white; width:75%; height:330px; float:right;">
                Introduction.
  </div>
  <div style="background-color:#0099CC; width:100%;float:left;">
                <center>Copyright @2014 </center>
  </div>
</div>
</body>
</html>
```
